# TROUBLE SHOOTING

If the sounds or movements are not normal, please turn off the massage chair and remove the plug from the electric outlet. Please contact the customer service department for further assistance.

Problem	Solution
The massage chair is connected to power but is not functioning.	1. Check to see if the power plug is inserted properly or if the power outlet is functioning properly. 2. Check to see if the main power switch is in the "I" position.
The remote controller is responding, but the massage chair is not functioning.	The massage chair may have automatically shut down due to overheating protection devices. Please turn off the power and allow the chair to cool off for 30-50 minutes.
Both the remote controller and massage chair are not responding.	The massage chair automatically turns into "full stop" or into "idle" mode when a massage program is completed. Please press the power button again to turn on the chair.
